The Heritage Trail at the Oberlin Heritage Center

About the *Heritage Trail*

The *Heritage Trail* begins and winds through the *Oberlin Heritage Center* at 73 ½ South Professor Street. The *Trail* is lined with century-old bricks, many of them inscribed with messages honoring people and organizations, remembering special occasions, and expressing personal sentiments of those who purchased the inscriptions. Many more bricks along the trail are available to be engraved. Contributions are tax-deductible and support the continued work of the *Oberlin Heritage Center's* Landscape Master Plan. For more information about engraving a brick with your name or personal message, contact *OHC* by calling (440) 774-1700 or visit our website at www.oberlinheritage.org .

Master List of Brick Locations

The inscribed bricks border the intersecting brick walkways of the Heritage Trail. The Monroe Walk runs North to South toward Tappan Square, and the Jewett Walk runs East to West, past the Little Red Schoolhouse. This list is arranged alphabetically by the name of the donor. It includes the donor's name, the brick's inscription, and its location. The location of a brick is determined by *which walkway* it is on, its *distance from the first inscribed brick* on that walkway, and which *side* of the walkway it is found.

Location Examples: A brick's designation of "Monroe 01 West" means it is the *First* inscribed brick on the *West* side of the *Monroe Walk*. A designation of "Jewett 39 South" indicates that the brick is the 39th brick from the first inscribed brick on the south side of that walkway.
